

Practical Weather - Preflight and In-Flight Resources

The 21st Century has brought an unprecedented wealth of information to general aviation cockpits. Near real time graphical and textual weather products contribute greatly to pilot situational awareness and decision making. But pilots must understand the capabilities and limitations of the equipment and the information it provides.

1652 W 1940 S Hangar 58, Woods Cross, Utah 84087. Enter through the main door on the south side of the building and follow hallway to the left to downstairs classroom.
