

2026 RSAT invitation

SLC Airport Users,

Runway incursions remain a serious concern nationally. A critical component of our ongoing efforts to improve surface safety at SLC Airport involves conducting a Runway Safety Action Team (RSAT) meeting at least once each year. In conjunction with airport management, we will conduct a local RSAT meeting on April 28, 2026. The meeting is scheduled from 9:00am - 1:00pm and will be held at the SLC Airport Training and Activities Center (1911 West 2200 North, Salt Lake City).

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and the movement of aircraft, vehicles, and equipment on the Airport Operations Area (AOA). We seek participation from all major airport interests, including tenants, fixed base operators, airport operations, and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.

I want you to know that your participation is essential, and your input is appreciated. Please RSVP to Matthew J. Willmore at matthew.j.willmore@faa.gov. Include name, organization, phone number, email address, and whether attending in person or via zoom.

If you have questions or need more information, please let Matthew know. Matthew can be reached at 801-325-9611 or matthew.j.willmore@faa.gov.

Sincerely,

Michael F Smith
Air Traffic Manager
Salt Lake City Airport ATCT (SLC)
