

Stall Spin Awareness

Stall/spins account for 12% of general aviation accidents, but upwards of 20-25% of fatal accidents. And upwards of 20% of the fatal stall/spins occur with CFI's on board! Find out what you need to know to avoid stall/spin accident scenarios. Speaker, Tim Brill, has introduced hundreds of pilots to the relatively unknown world of spins.

Parking in gravel area next to county snow removal building or adjacent Smiling Aviation lot. Fly-in aircraft park on transient ramp, walk to snow removal equipment building.

Click on map link below for parking and access details:
