

# Grand Junction Airport Quarterly General Aviation Meeting With Pilot Controller Forum

## Event Details

This Forum will provide the opportunity to hear what it is like on the other side of the radio call. Local Air Traffic Control Specialists will share their perspectives and tips on a variety of local airspace topics. This is a great opportunity to ask the questions you always wanted to ask ATC and get the answer straight from the pro's.

The meeting will be held in the conference room located on the 3rd floor of the Grand Junction Airport Terminal building.
