

Airworthy

We intend to explore the definition of the term “airworthy” and learn a little about objective and subjective decision-making. We will talk about a couple of maintenance entries, and then we will cover a couple of lessons learned about the people who would ask us to compromise our integrity.

The maintenance seminar will be held at the maintenance hanger at FLT Academy. Enter into the main lobby and let them know you are there for the seminar.

A message from the National FAASTeam Manager
