

Runway Safety Meeting

This is a working session on runway safety and your knowledge as a pilot, tenant, or airfield user is part of the solution we're building together. We'll also be discussing our Prior Permission Required (PPR) NOTAM and the path toward a control tower. If you fly, operate, or do business at KSGU, we need you in the room to help us mitigate the risk for runway incursions.

City Hall Council Chambers: follow signs. Parking structure east of City Hall. Enter the structure from 100 S. Please see attachment for virtual option and use faasafety.gov email if you want WINGS credit.

A message from the National FAASafetyTeam Manager

Earn your WINGS to get a chance to win a prize. Go to <https://www.wingsindustry.com/WINGS-Sweepstakes> for more info. Join us on Facebook: <https://www.facebook.com/groups/GASafety/>
