**(503) 648-2831**

[cberg@hillsboroaviation.com](mailto:cberg@hillsboroaviation.com)

Select #: NM0945060

Representative CHRISTOPHER PAUL BERG

As a pilot you should be familiar with the saying "High, Hot, and Humid". Join us for a discussion of how those factors effect your flight planning and in-flight performance. Get prepared for the summer flying season!

Discussion items will include:  
Methods of computing Density Altitude  
Effects on aircraft performance

- Engine
- Airfoil
- Instruments

**Directions:** The meeting will take place in the Terminal Building Conference Room located on the second floor, north side, middle of the building, where the old Eddie Rickenbacker's Restaurant used to be.

### **A message from the National FAASafety Team Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
