Thanks to industry and user feedback, several changes and improvements have been made to the FAASafety.gov website and the WINGS Pilot Proficiency Program. An overview of FAASafety.gov and WINGS will be done, real time. If you are unfamiliar with these resources, this is your opportunity to learn about them. Bring your questions, comments and suggestions. This free WINGS Seminar is part of a 3 day fly-in ending with the Wings & Wheels Fly/Cruise-In event on Sunday, August 12. There is an admission fee for the Wings & Wheels event on Sunday.

Directions: Seminar will be held in Columbia Aviation Maintenance Hangar. If flying in please see the NWAAC website for instructions and procedures.

A message from the National FAASafety Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
