

DTC DUAT Weather and Flight Planning for You!

You may have first learned about the FAA's Direct User Access Terminal System (DUATS) when you were planning student cross-countries, but have you visited the system lately? Are you aware of everything that DUATS has to offer, or how it's been improved over time? At this month's Second Saturday, Alice Haines from Data Transformation Corp. (DTC) will drop by to discuss DTC DUAT Weather and Flight Planning. See Additional Seminar Information.

Directions: DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd.

FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

A message from the National FAASafetyTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
