

## WINGS Weather Seminar

Meteorologist Clinton Rockey will discuss aviation weather phenomena affecting the Pacific Northwest including marine stratus, fog, and icing. We will examine weather graphics on icing, and look at satellite interpretation tools to identify hazardous weather conditions.

**Directions:** Seminar being held in the central hangar at Nutsch Aviation.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
