

FAASTeam presents:

Flying Companions and Pilots Cockpit Resource Management (CRM) Safety Seminar

How to become part of the flight, not just a passenger. Do you sometimes ride as a passenger in a small airplane? Would you like to learn more about how an airplane works? Do you want to be more involved with the flight? Be helpful to the pilot and a partner in aviation? Have you ever wondered what to do in case of emergency or had questions you were too afraid to ask? Learn about the How's and Why's of flying. We recommend both the Pilot and Flying Companion attend together. This seminar is being conducted by the Oregon Pines Chapter of the Ninety-Nines. The Ninety-Nines is the international organization of women pilots. Lunch is available for a nominal fee. Contact Willamette Aviation (503-678-2252 or info@WillametteAir.com) by 1pm on Friday, March 21st for information and to order lunch.

Directions: DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd. FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
