

Topic of the Month for December, 2014 - Spatial Disorientation

This seminar is a a public education campaign emphasizing the dangers of spatial disorientation and optical illusions. Discussions will focus on the physiology and limitations of human sight and balance mechanisms, responses to typical disorientation and illusion events, and best practices for preventing Spatial Disorientation.

Directions: Main building upstairs. If flying in, taxi to Salem Air Center for parking.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
