

Best Ways to Train for the Unexpected

There are many nightmare events that we would love to train for like low altitude engine failures, bird strikes, smoke in the flight deck, and flight control failures. Let's talk about accident error chains and how a little training can go a long way.

Directions: Please join us in the upstairs classroom.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
