

# Virtual National Aviation Safety Stand Down

A safety stand down is an event at which pilots gather to learn new information, refresh already learned information, and to engage in discussion with safety experts and fellow pilots. This webcast will be hosted for live viewing and discussion courtesy of Corvallis Aero. A live discussion will take place following each presentation and attendees will be able to ask questions and make comments. The event will last approximately four hours and will feature popular, experienced presenters. Attendees will be eligible to receive all three WINGs Knowledge Credits at the Basic Level.

**Directions:** Corvallis Aero

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGs Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
