

## Pilot / Controller Forum

This presentation debunks myths pilots have about the ATC system. Pilots will learn what assistance ATC can provide to steer them out of trouble. We will look at the services provided and review proper phraseology. This is a great opportunity to get your ATC questions answered!

**Directions:** Pilot Controller Forum will be held at Portland Community College, Rock Creek Campus, Building 6, referred to as Hangar, Room 110. Parking Lot A. Individuals who pre-register will receive required parking pass via email or when checking in.
