

FAASTeam presents:

# **Top Five Causes of GA Accidents -Summer Safety Briefing and BBQ**

At this month's Summer Safety Briefing, Willamette Aviation CFI Andy Sheldon will present a look at the Top Five Causes of GA Accidents. It's tempting to think that accidents, mishaps, and inconveniences are a result of mechanical faults or even bad luck. Of course, the accident chain frequently starts with the pilot, and human factors should not be minimized. The briefing will be followed at noon by a BBQ. At noon we'll start cooking up the burgers and hot dogs for our potluck BBQ. Drop by and please bring chips, a dish, or a dessert to share if you can. Come by for both or either event. Help promote aviation safety, bring a fellow pilot and introduce them to the WINGS Pilot Proficiency program. See you at the airport!

**Directions:** DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd. FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
