

## ADS-B - All you need to know and then some

Wayne McGhee, Garmin NW Aviation Regional Sales Manager, will conduct this seminar. ADS-B will be required by the FAA for all aircraft operated in controlled airspace by the year 2020. Don't wait until the last minute to equip your aircraft. This seminar will give you all the information that you need to be knowledgeable in ADS-B. Topics include "Why is the FAA switching to ADS-B?" and "Who really needs ADS-B? All your questions should be answered at this Wings sponsored seminar.

**Directions:** Directions will be given at the main museum entrance and airfield museum entrance

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
