

FAASTeam presents:

## CFI Open Forum

Do not miss this opportunity to discuss the methods, techniques, and challenges involved in our gadget friendly flight decks. This includes how to incorporate and teach safe operating practices of smartphones, tablets, ADS-B devices, and portable GPSs. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend.

**Directions:** Join us on the second floor of Aero Maintenance for the interactive open forum. If you fly in, park at midfield. You will see an outdoor stair case that leads to the upstairs classroom on the most western building on the ramp.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
