

Survival After the Accident

Good. Great! You are still alive after your aircraft accident in a remote wilderness. Now the challenge of survival begins. Be prepared. Former USAF Survival Instructor, and current President of the Oregon Pilot's Association, Neal White, will present the following topics:
12:00-1:00 Survival Kits, Signaling Devices, Improvised Signaling Devices, Smoke Generators, and the National Search and Rescue Plan.

1:00 - 2:00 Building a Shelter and Fire craft
2:00 - 3:00 Food and Water Procurement

Directions: Once inside the terminal building look for the signs for the appropriate room for the the seminar you are attending

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
