

FAASTeam presents:

Aurora Tower Briefing at This Months Second Saturday

Aurora Tower Briefing at This Month's Second Saturday!

Please join us at this month's Second Saturday Seminar as we welcome Aurora Tower Chief Raul Suarez to our Willamette Aviation stage. Chief Suarez is a veteran air traffic controller who relocated from California in 2015 to oversee the opening of the tower at KUAO. Over the past 30 months, the tower has required a shift in how pilots operate at our regional airport — it also means that controllers and pilots should meet face-to-face whenever possible, in order to highlight operational issues and clarify expectations. This month, we'll discuss Aurora's Class D airspace and how the airport community can continue working on behalf of safe airport operations. Please bring your questions to this month's event!

Directions: DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd.

FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
