

What Kind of Pilot Runs Out of Gas

Discussion of 3 different situations of fuel exhaustion or possible fuel exhaustion with review of chain of events that led to the outcome in each situation. Even though we all think, "couldn't happen to me", this presentation shows how it could happen to you and what is needed to prevent it being you.

Fuel Starvation**Please note: The Wings class is free but you must pay to enter the Museum.**

Directions: Western Antique Aeroplane & Automobile Museum (WAAAM) Hanger M3 Classroom
From I-84: Take Exit 62 and turn right onto Cascade Ave. Turn right at the first traffic signal onto 13th St. 13th St. joins with 12th St. and then becomes Tucker Rd. From there it is only 1.5 miles to Air Museum Rd. The museum is on the right side. Look for the vintage Drive-In theater sign at our entryway.

Please note: The Wings class is free but you must pay to enter to the Museum.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
