

FAASTeam presents:

SUMMER SAFETY BRIEFING and BBQ

At our last Summer Safety Briefing, many attendees expressed interest in the FAA's Educational Ramp Inspections program. At this month's briefing, the Portland FSDO's Chris Mazurkiewicz will conduct ramp inspections, with an emphasis on both aircraft and logbooks. Even better, pilots are invited to volunteer their own planes for inspection. At the end of the seminar, pilots will be given notes on areas that may need attention (with no risk of additional FAA actions). It's a perfect opportunity to learn how to self-inspect an airplane, and of particular interest to anyone who's thinking about becoming an aircraft owner.

Come and learn from the FAA professionals as they conduct Educational Ramp Inspections on local aircraft.

This month's safety briefing gets underway on Saturday, June 22 at 1100 hrs in the Education Hangar at Willamette Aviation, and it's eligible for FAA Wings credit. We'll also host a Community Potluck BBQ at 12 noon, with plenty of burgers and dogs for everyone. Drop by to get a look at the airplanes on our ramp, and please bring chips, a dish, or a dessert to share if you can.
