

FAASTeam presents:

Check Rides

So, you want to pass your checkride.... Do's and don'ts from a long time DPE

Mary Schu, a designated pilot examiner of nearly 20 years with over 21,000 hours of flight experience, shares humorous and insightful information and tips to help you be a safer pilot and pass your check ride on the first try!

Mary has been a Flight Instructor for over 40 years, an FAA 141 flight school owner and CFI, recommending hundreds of successful students. She was the FAA and General Aviation National Flight Instructor of the Year for 2015.

As a DPE, she gives all fixed wing check rides from sport pilot through ATP and all Flight Instructor ratings including initial CFI.

Come to the meeting and bring the questions you've been dying to ask someone about what really happens on a check ride and how to improve your chances of success on the first try!

Directions: Event will be held in main EAA hangar attached to FBO. Parking is available in the upper lot as you first pull into the airport or on the gravel drive down below the hangar (keep left at the hangar and take your first right).
