

FAASTeam presents:

Specialized Aero Works Open house with OPA and EAA

Come celebrate the grand opening of Specialized Aero Works with a BBQ burger or hot dog and a safety brief/discussion led by Mike Kloch, SAW CEO/Chief Pilot/FAAST Rep. concerning flying at and around the Bend airport. SAW's airplanes will be on display and hopefully another special surprise airplane will be present. A series of short briefings will also be presented on current issues affecting Bend Airport users by the Oregon Pilots Association. An initiative will also be made at this meeting to form a perpetual organization that represents the interests of all Bend Airport Users and businesses.

“Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.”

Directions: Take Powell Butte Rd to the Bend Airport. Gibson Air Services is the Red hangar just south of the FBO.
