

FAASTeam presents:

Redmond Oregon Seattle Center Airspace Outreach/Pilot Controller Forum

Air Traffic Management from Seattle Center will present a briefing on the challenges of managing the airspace surrounding the Redmond Airport Class D Airspace. The focus will be supporting VFR traffic while managing IFR arrivals and departures from the Redmond and Bend Airports. This is your opportunity to interact with the people who manage the airspace and learn the capabilities and limitations of the air traffic system surrounding the Redmond Class D Airspace.

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines

Directions: Epic Aircraft is located on the South East corner of the Bend Municipal Airport off Nelson Road.
