

CWAA // The Other Go-Around - Takeoff Rejects // Philip Mandel CFI-I MEI

Go-arounds are part of nearly every ACS, but takeoff rejects are not. Let's discuss takeoff planning and briefing before EVERY takeoff and commit to teaching our learners when and how to reject.

Philip Mandel CFI-I, MEI is a veteran flight instructor as well as the proud owner of a 7S3-based Thorp T-18, which is his tenth airplane — he's owned everything from a Cessna 150 to a Piper Apache. He can be found online at www.flyphil.INFO

Plenty of free parking in the parking lot.

Join us at 6pm for a potluck dinner. Bring whatever you would like to share, or nothing at all (no obligation whatsoever).

CWAA (Camas Washougal Aviation Association) business meeting starts at 6:30pm PDT.

Seminar will begin when the business meeting is done, probably around 7:00-7:15pm.

Seminar takes place in the FLYIT Academy hangar <https://www.flyitacademy.com>
