

Bend Airport Collision Avoidance Panel Discussion

Let's build a shared understanding of how helicopter and fixed wing pilots, glider pilots, and turbine pilots use the airport and surrounding airspace. Know what and where the hazards are. Learn tips and best practices for safer flying.

Come out and listen to a panel of flight instructors, FAA Safety Team representatives, and other aviation professionals bring focus to mid-air and ground collision avoidance at and around the Bend Airport. Bring your questions and concerns for panelists to address.

From Nelson Road, west on Nelson Court Entrance is to the left of the three flag poles. Second Floor Training Center Event Space
