4:45pm Seminar: The Recreational Aviation Foundation in Oregon and Beyond: Kevin Johnson, RAF

Kevin Johnson, the Oregon Ambassador for the RAF, will tell us more about this wonderful organization, what it provides to its members, and what all of us can do to help protect, safeguard and improve our lesser-known airstrips. The RAF mission says a lot, "The Recreational Aviation Foundation preserves, improves, and creates airstrips for recreational access", but it is up to all of us to make it happen.

Other *WINGS* seminars at the Convention:

1:45pm: [Aviation Safety and Systems—Learning From The Past](#): Curt Cowley, FAA Portland FSDO

2:45pm: [An Overview Of The Oregon Department Of Aviation \(ODAV\)](#): Cathryn Stephens, OSAB

3.45pm: [Top Tips For Mountain Flying](#): Phil Mandel, CFI/MEI

Flying in? Aurora is a Class D airport. Use a current airport diagram and check NOTAMs. Request taxi clearance to Columbia Aviation Association, located at the base of the control tower.

NOTE: We are hearing rumors of possible runway construction around the date of the convention. Double-check NOTAMs!

Driving in? Head for the Columbia Aviation Association building, 14323 Stenbock Way NE, which is off Airport Rd NE.

DO NOT WALK OR DRIVE ON TAXIWAYS!
