

2026 PNW Hot Air Balloon Continuing Education Seminar

This event is another of an annual series of instruction and discussion of topics related to hot air balloon operations. Topics will include presentations on accidents, weather, pilot decision making, airspace, and such. It will be a mix of formatted presentations, workshops and open discussion. It is scheduled for a minimum of 6 hours of programmed classroom time.

Approach the Campus from the north entrance, first parking lot and up the stairs OR from the south lot, east side and enter the main building, and up the stairs.
