Program Topic: SOPs, Flying Like a Pro
Professional pilots, maintenance teams, and flight departments rely on Standard Operating Procedures, SOPs, to keep aviation safe, consistent, and predictable. This presentation breaks down what SOPs are, why they matter, and how they reduce risk through disciplined habits, clear callouts, and repeatable flows from preflight to shutdown. Attendees will leave with practical ways to bring a professional SOP mindset into general aviation without turning it into airline bureaucracy.

There is plenty of parking available in the parking lot. Doors open for meet-and-greet beginning at 5:30 pm. Our speaker's presentation will begin promptly at 8:00 pm (all times PACIFIC). Gate code, if needed, is #1203 [note, the leading "hashtag" (#) is required before typing the digits].
