

ForeFlight for the VFR Pilot

AMFC Flying With Confidence Seminar Series: ForeFlight for the VFR Pilot

Join CFI **Sara Baker** for a hands-on seminar designed to help VFR pilots get more out of ForeFlight. Whether you're new to the app or looking to improve your workflow, this session will cover practical tools and techniques to make flight planning easier and more efficient.

Topics include ForeFlight essentials, VFR flight planning, route building, checkpoints and altitudes, weather resources, go/no-go decision making, charts and airport information, in-flight use, cockpit resource management, and common mistakes pilots make when using the platform.
