

# Unique Safety Seminar

## Cascade Airport – June 22nd

### Breakfast, Seminar, Live Spin Demonstration

**Seminar: STALL/SPIN AWARENESS, What You Don't Know Can Hurt You**

Stall/spins account for 12 percent of general aviation accidents, but upwards of 20–25 percent of fatal accidents. And nearly 20 percent of the fatal stall/spins occur with CFI's on board! Find out what you need to know to avoid stall/spin accident scenarios. Rich Stowell has performed more than 33,000 spins with students from around the world. Interact with Rich as he touches on insightful spin studies, and he will perform a live spin demonstration immediately following the seminar. *Watch for email notices from FAASafety.gov.*

**Location:** Hangar #30, Cascade Airport (U70), Cascade, ID

**Date:** Saturday, June 22, 2013  
(deadline to sign up for breakfast is Friday, June 7th)
