

Second Annual Food, Forum, and Flight Safety Program at U70

0815 - FOOD: Optional Breakfast, Kelly's Roadside Grill (for a small fee, must pre-register for this)0930 - FORUM: Opening Remarks & Main Topic (free!)1045 - FLIGHT: Live Demonstration above U70 (weather permitting)Loss of control in-flight (LOC-I) is the dominant fatal accident category in general aviation. Learn how to recover from unusual attitudes resulting from spirals and other botched maneuvers, as well as how to recognize and avoid upsets caused by wake turbulence. Presented by Rich Stowell, the 2014 National FAASTeam Rep of the Year and noted loss of control subject matter expert.

Directions: Hangar #30 is in the last row of hangars located at the north end of the airport, adjacent to the flea market Quonset hut. Aircraft tie down area is located near mid field, south of all the hangars along the highway.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
