This CFI Workshop will cover instructing in technically advanced aircraft, GPS navigation, and the information management challenges involved in using this technology. Automated cockpit scenarios and transition from the standard 6 pack instrument panel will also be addressed. This is the second in a series of 8 quarterly workshops sponsored by the FAA Safety Team to reduce general aviation accidents. Non CFIs are also invited to attend.

*Directions:* Midstate Aviation is located on the south side of the Ellensburg Bowers Field Airport. Meeting will be in the Midstate Aviation Conference Room.
