

FAASTeam presents:

# Fuel and Preflight - Essential Elements of a Safe and Successful Flight

Two seminars are offered: Alternatives to 100LL, followed by Advanced Pre-Flight. Pre-registration for FAA WINGS credit is available on-line for each event. These seminars are part of the Martin Field Fly-in and Open House.

**Directions:** Martin Field is a privately-owned, public-use airport located one mile (2 km) west of the central business district of College Place, WA.

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
