Select #: NM1344939

Representative CHRIS POPOV

The program will cover NTSB accident reports related to Aeronautical Decision Making and Loss of Aircraft Control. Why are there so many stall/spin fatalities and what we can do to prevent them? Upset Recovery Training is possible solution to reduce loss of control accidents. We appologize for the late notification of this event.

Directions: From intersection of Highway 95 and Schweitzer Cutoff Road (Wal-Mart/Burger King/Conoco):

Schweitzer Cutoff Road west (about 1/2 mile) to the "T" at North Boyer (at Fairgrounds corner) South (left) 1 block to Woodland. West (right) on Woodland for 200 feet. South (left) into the north service entrance to Omni Park. Hanger is the second hanger (white) on the left.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
