

Hot, High, and Short Take-offs and Landings

Performance. We all want an airplane with plenty of performance but how often do we stop to think about how much the weather can reduce that performance. This discussion centers around density altitude and flying into situations that might work in the morning, but not in the afternoon when the temperature heats up.

Directions: Marcus Whitman Hotel is located in downtown Walla Walla. Take I-182 E to US 12 E. Take 2nd Ave. Exit. Go .5 mile to downtown. Meeting is on 2nd floor. If you need transportation from the airport to the hotel give Marjy Leggett a call at 509-547-4347.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
