

1300-1600 - Friday. It's Not (Just) About Safety - Seminar 4

Accidents are more than bent metal, injuries, and fatalities. There are lessons for those who listen. What aviation "truths" are really myth? How does task saturation affect time-critical air crew decisions?

Directions: Fly: Park on the ramp west of the tower. Walk through the old terminal building and east along Rutter Avenue to Moody Aviation. Limited aircraft parking is also available on the Moody Aviation ramp.
Drive: Take exit 286 from I-90. Turn north on Park Street, left on Rutter Ave. Moody Aviation will be on the right.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
