Representative CHRIS POPOV

Hunter Horvath, a noted back country flight instructor, pilot and former part 135 bush pilot from Alaska will present a refresher on mountain flying hazards prior this year's spring and summer Idaho back country mountain and canyon flying. Dan Etter, Idaho Division of Aeronautics Aviation Safety Manager and Senior SAR Officer will present the capabilities and limitations of the Idaho SAR Program. A definite "must attend" skills refresher for any and all back country pilots or those who plan on flying the back country of Idaho this year. Due to maintenance on our email server you may have received notification of this event twice. If so, we apologize.
