

## FAASafety Team Flight Instructor Open Forum (All Pilots Are Invited)

DPE Judy Kirkwood will cover Part 61 and the requirements for a CFI to approve a pilots application for a checkride and other hot topics observed on checkrides. Minard Thompson will cover Runway Safety signage with a test using the "clickers". You can see if you know the answers without raising your hand! Not many pilots pass the test with 100% accuracy...can you? Three current DPEs and one former DPE will be in attendance to answer your questions. This is a "must attend" meeting for all pilots...if you have a question that needs an answer, tonight's presentation is one you don't want to miss! Read more information below....

**Directions:** From I-90 east or west, take exit 285 and head west towards N. Fancher Road, turn right at N. Fancher Road, turn right on E. Rutter Avenue. Moody Aviation is 5th building east of the FSDO.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
