

How to fly in a hurricane. Dealing with adverse wind landings

Midstate Aviation's Chief Flight Instructor Andy McIrvine will discuss proper techniques for successful high wind and cross wind landings.

Directions: Take I-90 to Ellensburg and take exit 106. Head east on University Way until reaching Reecer Creek Rd. Turn left on Reecer Creek Rd and travel 3 miles north until Bowers Rd. Turn right on Bowers Rd and head east for 3.5 miles until reaching Midstate Aviation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
