

CFI Seminar - The CFI checkride...are You Really Ready?

Learn how to prep a CFI wannabe or the CFI applicant for the most important job in aviation! With so much to know, how do you study & prepare yourself? During the checkride, you only have a small window of time for the examiner to determine what you know...and you have to know a lot! Google won't help you much, as internet usage is frowned upon while flying. You mean I have to KNOW what I'm doing and talking about? Yes, you do. With first attempt failure rates near 75%, wouldn't it be nice to pass the ride on the first attempt? This is your chance to learn!

Directions: From I-90, East or West, Take exit 276 towards Geiger Road and the State Patrol. Turn left onto S. Geiger Blvd. Take the first right onto W. Pilot Drive.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
