

Oops, Did I Do THAT!?!

We always hear about the "other guy" making mistakes in aircraft maintenance, but how many times have you caught one of your mistakes just before the airplane left the hangar floor? Where is that flashlight? I had three 7/16" wrenches when I started this job? Where did these three extra bolts come from? Ever had these problems? Come and listen to how you can "fix" these human issues before they happen to you!

Directions: Follow Fancher Road North to Rutter Avenue, turn left and Spokane Community College is on your left.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
