

## Doctoring Maintenance & Pilot Talk with Controllers

Who works on your airplane? Ever get rushed to get it back in the air? New mechanic? Old mechanic? Great work? Sloppy Work? Human factors is a built in part of aviation, how we combat this "side-effect" of our vocation, or avocation, is important to our longevity. Fearful of ATC? Come and ask your questions. Tower controllers and approach controllers will be discussing how they serve you in their jobs.

**Directions:** Take Hwy US12 west into downtown Lewiston. Turn left on 9th St, which turns into 8th Street. Continue on 8th St. to Bryden Canyon Rd. Turn left and drive to 4th Street. Turn right on 4th Street and turn right again on O'Conner. The meeting is in the EAA Hangar building.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
