

Chart Challenge

What would we do without charts? They're one of the most fundamental parts of flying--but they can also be challenging to interpret, difficult to read, and sometimes head-scratchingly confusing. Our new live seminar is meant to help you master them. Based on our popular "Chart Challenge" series of online courses, it's a refresher clinic where you, the audience member, get to put your knowledge to the test. We'll quiz you on everything from VFR sectionals to instrument approach plates, and dig into the practical issues that come with them.

Directions: Southern NH University, Dining Center, Banquet Hall #2

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
