

**AOPA Insurance Agency presents:**

# **Real World Weather**

Weather is the single biggest variable in flying. It can turn a long-awaited vacation into a long wait at the FBO, a quick two-hour flight into a tedious four-hour slog, or a stress-free jaunt into a skill-testing ordeal. The variations are infinite, but for pilots it all boils down to two questions:

What's really going on out there, and what does it mean for me?

The day-to-day challenge of answering those questions is the focus of our new seminar. We'll take a no-nonsense look at how you can get better, more complete weather information—and make better, more informed decisions as a result. We'll talk about:

- The best weather resources, and when to use them
- Situations that tempt smart pilots to make dumb choices
- Weather-related accidents and the factors that led to them
- Knowing what's safe and what isn't when things get "complicated"

**Directions:** There is no pre-registration for this seminar.

## Event Details

**Thu, Sep 18, 2014 - 7:00 pm**  
**Rochester Int'l. Event Center**  
7333 Airport View Dr. SW  
Rochester, MN 55902
