

Say Again? Radio Communication Done Right

Say Again? Radio Communication Done Right
Stymied by radio chatter every time you fly? Does everybody else get “cleared direct” and you don’t? Do ATC communications have you tongue-tied? Learn what NOT to say to controllers and learn their side of the story. This Air Safety Institute seminar goes beyond the A.I.M. and tackles some of the communication “gotchas” both in busy airspace as well as the nontowered environment.

Directions: Say Again? Radio Communication Done Right

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
