

Safe Skies Good Neighbors

Because of the recent increase in the number of general aviation accidents in the Long Island area, the AOPA Air Safety Institute (ASI) is hosting an aviation safety town hall on June 3, 2016. Pilots, the media, and the general public are invited to the event, where George Perry, senior vice president of ASI, will host a presentation and discussion about general aviation flying and safety trends. Attendees are encouraged to ask questions about small aircraft flying and safety practices.

Directions: Discussion on the latest aircraft accidents.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
