

N/A presents:

## AOPA Fly-In

At this exclusive event, we have scheduled three informative meetings. First we will take a look at safety trends in general aviation and discussion on ideas. Our knowledgeable speaker will guide you through challenges such as processing information and making clear decisions while flying in IMC. Finally, we will analyze takeoff accident scenarios and the limited information they offer. Don't miss this valuable opportunity. Click the link below to learn more about these valuable topics at this free event.

**Directions:** AOPA will have tents on the field. The meetings will be held in the tents.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
