

AOPA Air Safety Institute presents:

Accident Wise 2018

The “big sky” can get awfully small when multiple aircraft are in the vicinity. Even with ATC support and traffic displays, near misses happen too frequently and midair collisions still happen. Advanced technologies which ensure more precise course and altitude tracking and more aircraft converging on fewer airports all work to shrink the “big sky”.

- 6:00 PM Social Hour and Sponsor Exhibits
- 6:45 PM Welcome
- 6:50 PM Review of Recent S.F. Bay Area Accidents – Max Trescott
- 7:20 PM ADS-B 2020 Mandate and Alternative Solutions – Wayne McGhee
- 7:50 PM Aviation Safety Reporting System – Dennis Doyle
- 8:20 PM Collision Course: Avoiding Airborne Traffic – Bruce Belgium
- 9:20 PM Door Prizes & Silent Auction Results

Directions: Free AOPA Safety Seminar - No Pre-registration

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
